

# LIVING SCIENCE

## YOU ARE A LIVING SCIENCE DEMONSTRATION

### Light Exploration

- Plasma dish as seen on Star Trek
- Light Sabers
- Laser Beams
- Polarized light revealing hidden stress
- Neon light and high voltage

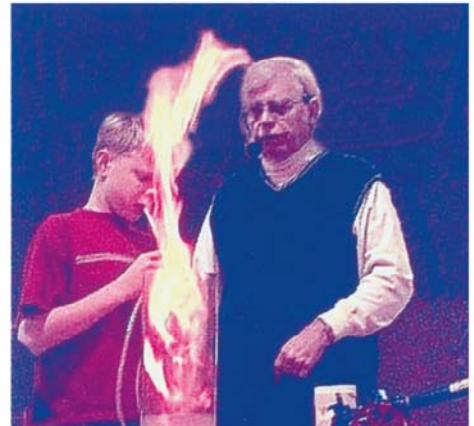

### Electrical Exploration

- Sparks from your finger tips, high amperage electricity
- Famous “Jacob’s Ladder of Fire to Heaven”

- 500,000 volt sparks, high frequency discharges
- The Human Lightning Chain. Electricity flowing over the human body.

### The Wonderful World of Scientific Toys

- America’s Oldest Scientific Toy – the safe but exploding carbide cannon
- Flying Saucer traveling on a beam of light
- Star Wars light saber

*“The best we’ve had for some time. Robin made it both fun and educational.”*  
Lincoln School; Tulsa, OK
