

Wildlife Encounters presents **Outback Adventures of Australia and New Zealand**

Wildlife Encounters will showcase live animals and talk about their survival, natural history, geography, natural behaviors and conservation education. Grab your passport and come on an adventure to the Land Down Under.

Wildlife Encounters works with “Mutual of Omaha’s Wild Kingdom” and they are currently airing on “Animal Planet” promoting awareness and enthusiasm for wildlife conservation education, both at the grass roots community level and on a national scale.

Each presentation will feature live animal ambassadors from Australia, New Guinea and New Zealand. Animals in the show range from 5 - 8 animals from the following list. The list is subject to change due to individual state and federal laws and regulations.

- Kangaroo or Wallaby
- Salt Water Crocodile
- Kookaburra
- Australian Snakes, Lizards and Skinks
- Frilled Lizard
- Lesser Flying Phalanger
- Parrot
- Ringtail Possum
- Spiny Anteater
- Australian Bird of Prey
- Emu
- Australian Parrot
- Dingo

“One of the best performances for students that I have seen. The animals captured our attention and the speaker was knowledgeable and entertaining. Great show.”
– St. Joseph School; Imperial, MO

“Awesome program. Boomer and friends were a huge hit. Thanks!!”
– McIntyre Elementary; Pittsburgh, PA

“Students were spellbound. Performers were excellent, prepared and engaging. Thanks for providing this extraordinary experience.”
