

The Fabulous Chinese Acrobats

The Bureau of Lectures is incredibly proud to announce that for the 19th consecutive year they are able to bring your school the best assembly program in America, The Fabulous Chinese Acrobats. Each year The Bureau of Lectures personally selects brand new troupes of acrobats to make sure that even if your school has had this show in the past, each year will be a new experience for your students. In fact this year's groups are straight from the Cirque du Soleil circuit in Las Vegas. We are so pleased to be working with this brand new generation of acrobats bringing a new energy and never before seen routines to your school. Though the acrobats and routines may be new, the astounding feats of skill, focus and athleticism are the same. The simple truth is that The Fabulous Chinese Acrobats is the best assembly program anywhere and one that your students and staff will remember and talk about for weeks after the performance.

"This is the best assembly program we have had at our school. Absolutely beyond compare! The performers were on time and ready to go within 15 minutes of their arrival. The response from students and staff alike was astounded."—Mr. Lovellette, Asst. Principal, Quantico, VA

"I have never been to an assembly where each and every student was so actively engaged! Without a doubt this was the best assembly we have ever had and we can't wait to have them back."—Ms. Ring, Teacher, Calhoun, KY

"I have already recommended this show to other schools in our district. The acrobats were phenomenal and kept the audience on the edge of their seat throughout the entire show. The performers were incredibly professional and the show transitions reflected that. What a wonderful experience for our students and staff. We will definitely have them back!"—Ms. Atkins, Librarian, Irvington, NJ
